Michigan Executive Takes Hold
of Strike Situation In the
Copper Country

Hopes to Settle Struggle

Gov. Ferris' Statement Hoping for a Settlement
of the Strike Fails to Change the
Attitude of Defiance of Opposing Forces

Will Be the Fifth Investigation

HOUGHTON, Mich., Jan. 5.—Governor Ferris of Michigan took hold of the strike situation in the copper country tonight. With his coming a practical truce went into effect and both sides expressed a willingness to await his findings before initiating new measures in the industrial warfare.

Open hearings are to mark the governor's investigations he announced on his arrival here tonight. The county officials, union leaders and company representatives who will be asked to give him information will not be permitted to whisper replies to his questions.

Tonight the state executive held what he intended to be the only private conference of his visit. It was with George Nicholls, the special prosecutor in charge of the grand jury strike lawlessness investigation. It was explained that the nature of Mr. Nicholls' work made it necessary that this conversation be private.

Crowd Greets Governor.

Portland, Ore., Jan. 5.—Acting on individual complaints charging that the saloons at Copperfield were violating the law, Governor West ordered the district attorney and the sheriff of Baker county last week to close all bars there. The district attorney asked the governor to present evidence but says the only answer he got was a sarcastic letter regretting his failure to enforce the law.

The sheriff refused to obey the governor's order on the ground that the saloons at Copperfield were regularly licensed and could be closed only by order of court.

Upon this the governor sent Miss Fern Hobbs, his secretary and a body of militiamen suspending the civil government of the town and took military possession commanding the telephone and telegraph lines and refusing permission to the mayor and councilmen, several of whom operate saloons, to leave the town or to consult with their attorneys.

DECISION TERMINATES YEARS OF LITIGATION

Judge Day Upholds Plea of Minority Stock Holders of Wheeling and Lake Erie Railroad.

Cleveland, O., Jan. 5.—In federal court here today Judge William L. Day handed down a decision terminating the five and a half years of litigation that has involved the Wheeling and Lake Erie railroad since it went into the hands of a receiver in June 1900.

He upheld the plea of the minority stockholders setting aside the contracts by which the Wheeling & Lake Erie and the Wabash railroad were to turn over to the Wabash Pittsburgh terminal twenty-five per cent of the gross receipts on all inter-change of traffic as illegal and void.

In the decision the claim against the road of the Central Trust company of New York for \$8,000,000 was sustained.

APPOINTED RECEIVER.

Chicago, Jan. 5.—Fred A. Busse, today was appointed receiver for George W. Jackson, Incorporated, contractors, after the filing of a suppressed petition by three creditors of the firm. The company's affairs have been administered for the last two years by a creditor's committee headed by Ira M. Cope. The liabilities of the company were estimated at \$350,000.

LEAVES FOR INDIANAPOLIS.

Albany, N. Y., Jan. 5.—James M. Lynch, recently appointed commissioner of labor left tonight for Indianapolis to sever his connection with the International Typographical union as its president.

JACKSONVILLE, ILLINOIS, TUESDAY, JANUARY 6, 1914.

COPPERFIELD STILL UNDER MARTIAL LAW

ISSUE REGULATIONS FOR NEW INCOME TAX

ALL LIQUORS AND SALOON FIXTURES SHIPPED OUT OF THE TOWN

Militiamen Acting Under the Governor's Orders Spon Bid City of All Bars—Col. Lawson Announces Other Oregon Cities Will Be Cleared Up If Conditions Warrant Such Action.

COPPERFIELD, Ore., Jan. 5.—Copperfield still is under martial law after an exciting day in which the liquors and fixtures of the saloons closed by Governor West's order were boxed and shipped away, in spite of court injunctions served upon Col. B. K. Lawson, the governor's representative. Accompanying the fixtures was a quantity of gambling paraphernalia.

Colonel Lawson and twelve militiamen accompanied the ship to Baker City, the county seat while Captain Metcalf remained behind with ten men to continue the enforcement of martial law.

Will Clean Up Huntington.

Huntington, Ore., Jan. 5.—Col. B. K. Lawson arrived here tonight and announced that he would declare martial law tomorrow and close the saloon here. Colonel Lawson said that after cleaning up Huntington he would go to Baker City where, it had been reported to him by the governor conditions needed attention. That martial law might be proclaimed at Baker City also was Col. Lawson's statement. F. A. Bubb, mayor of Huntington, when told of the intention to declare martial law in Huntington said he would not oppose Governor West but would do everything in his power to assist the military authorities in compelling enforcement of saloon regulations.

Suspend Civil Government.

A crowd that packed the railroad station and extended three deep up the street to the governor's hotel greeted him when his train pulled in several minutes late. The local reception committee was swamped by the rush of citizens but managed to escort their guest to the hotel veranda from which he addressed the crowd.

"I came to seek information," he said. "I promise nothing but it is time the warring elements of this community got together and learned once more how to live as neighbors. My prayer is that this peace may come speedily."

In the governor's audience were many men wearing the button of the Citizens' Alliance. But there also were numerous miners in the throng and most of these were strikers. Both factions cheered the governor's assurance that all he sought was the truth.

To interviewers a few minutes later, Governor Ferris intimated that his visit was occasioned by his inability to get satisfactory answers to questions at the conference of labor leaders in Lansing last Thursday.

Needs First Hand Information.

"I made up my mind at that conference, that if the answers they gave to my questions were the best available, then it was time for me to go to the copper country and get the information I needed at first hand. I brought James E. Cunningham, state labor commissioner with me to obtain certain specific facts which I shall need before taking up my real work day after tomorrow.

"When I ask how many miners are at work, how many are on strike or how many imported gunmen are in the district I want to know exactly those facts. I think I can get this information and what else I need to know within the next 48 hours."

"So far as a settlement is concerned I have no new plan to suggest. I hope my humble persuasive powers may bring the strikers and companies together but if I fall then I shall say exactly what I think of the situation and let the public judge."

The governor's program tomorrow calls for public conferences with the sheriffs, chairmen of the boards of supervisors and prosecuting attorneys of Houghton and Keweenaw counties.

He also will seek an interview with Judge P. D. O'Brien of the circuit court. Judge O'Brien is in L'Anse, seat of Baraga county hearing the numerous cases growing out of the strike sent to that jurisdiction on change of venue from Houghton county. It was expected word of the governor's desire to see the judge would lead to a short session of court there tomorrow. Today's proceedings disposed of twelve cases the defendants pleading guilty to minor offenses and being sentenced to jail terms of from 30 to 60 days each.

The governor's announcement that he hoped to find some method of settling the struggle between the copper mine owners and the Western Federation of Miners failed, however, to influence the attitude of defiance towards each other which the opposing interests have held for five months. The union's representatives announced that they would be on the defensive so far as settling the strike was concerned.

Now Up to the Companies.

"We made enough concessions when John B. Densmore of the federal department of labor was here last week," said O. N. Hilton, chief of counsel of the federation.

"We went as far as we could towards finding some way by which

BASEBALL MAGNATES MEET PLAYERS TODAY

NO MORE THAN FOUR OF DEMANDS ARE EXPECTED TO CAUSE FRICITION

Meeting Today Will Be Open to the Public—National Commission Hands Down Several Minor Decisions—Federal League Is Not Discussed.

CINCINNATI, O., Jan. 5.—After taking up the requests of the baseball players' Fraternity one by one and discussing them thoroughly the National Baseball commission and the committee from the National Association of Minor Leagues adjourned tonight ready to present a solid front when the committee of players present their case tomorrow. The announcement of what demands had been conceded or denied was issued but on good authority it was stated that not more than four of the demands will cause any friction at tomorrow's meeting.

Probably the most important announcement was that the meeting tomorrow would be an open one both public and press being admitted. It was announced previous to the joint meeting that the only request the minor leagues objected to was one asking that ten days notice be given players before their release. There are several however, that the majors do not take kindly to, but just what these are the major league officials refused to divulge.

Submit Annual Reports.

Previous to the joint meeting the national commission was in session during most of the day. Chairman August Herrmann and Secretary John E. Bruce were re-elected and both submitted their annual reports.

Secretary Bruce reported that the total money handled by the commission, from all sources, including the world's series, amounted to \$865,668.88. Three thousand, seven hundred and twenty-five decisions and statements were handled during the last year while 725 bulletins were promulgated, 1,112 letters and telegrams were sent out.

The commission handed down the following minor decisions:

Player Leahy who was claimed by Birmingham, Utica and the St. Louis Americans was awarded to the St. Louis Americans.

Player Haley's appeal from the decision of the national board for salary from the Waterloo club was rejected.

Umpire Fitzsimmons' claim for salary from the Western League was refused.

Federal League Mentioned.

It was announced by Secretary Bruce that other than the mention of the Federal League in the report of Chairman Herrmann, the subject was not broached during the meeting. The announcement that Knabe had signed a Federal league contract to manage the Baltimore team came as a decided shock to the majority of the baseball magnates present. Quite a few refused to believe it while others voiced the opinion that there would be a different story to tell when the time came for putting up the money.

President Robert Hedges of the St. Louis Americans said:

"The best they can hope for is to place one big leaguer on each team and if they hope to draw patronage from the big leagues with one big league player and the remainder little better than amateurs, I have an opinion to the contrary. It has been reported that they have taken three of my players away but as yet I have no signs of their leaving."

The commission and a number of the magnates present will tender a dinner to Governor Tener tomorrow evening.

Knabe Signs Contract.

Baltimore, Md., Jan. 5.—Otto Knabe, second baseman of the Philadelphia National League club, today signed a contract to manage the Baltimore Federal League club.

The contract is for a period of three years.

Tener Sorry to See Knabe Leave.

Cincinnati, O., Jan. 5.—"I am very sorry to see Knabe leave the National league but under existing conditions it is easy to figure out why he signed with the Federal league," said President John K. Tener, of the National league here tonight. "Knabe will receive \$30,000 for three years. The situation in his case closely resembles that of Joe Tinker. Knabe is thirty years of age and probably figures that he has not much more than three years left in which he might play in the majors. He probably is out to get all the money he can in this time and one can hardly blame him, although I am sorry to see him take the step. He is a manly fellow, a good ball player, and a credit to the profession."

Debts contracted within a current year may be deducted from gross income when found worthless but not before legal proceedings have proved unavailing. Debts contracted in previous years, which eventually prove worthless may be deducted substantially under the head of losses when they are charged off. Amounts due or accrued to individual members of a partnership shall be deducted in the return of the individual whether distributed or not and United States pensions must be included as income. Estimated advance of real-estate value is not required to be reported unless placed as an asset on the individual's books. WILL RESUME HEARINGS ON RURAL CREDITS LEGISLATION

WASHINGTON, Jan. 5.—Hearings with a view to drafting rural credits legislation at this session of congress will be resumed by the house banking and currency sub-committee next week. Representative Weaver of Oklahoma, member of the sub-committee, said today that a large number of farmers, rural bankers, political economists and men who have observed the rural credit systems of Europe will testify. He said that the hearings probably would be concluded by the end of February and a bill passed as soon thereafter as possible.

CATSKILL, N. Y., Jan. 5.—General Rosalie Jones' suffragette army arrived here at 8:45 o'clock tonight from Kingston with the leader stumbling along with feet aching and blistering and on the verge of collapse.

COMMITTEE FACES DIFFICULT TASK

FEDERAL RESERVE ORGANIZATION COMMITTEE MUST SET NEW BANKING MACHINERY IN MOTION

BEGIN SERIES OF HEARINGS

To Aid It in Mapping Out the Regional Reserve Districts the Committee Will Hold Hearings In All Financial Centers

NEW YORK FINANCIERS GIVE OPINIONS

NEW YORK, Jan. 5.—The task of setting up the machinery which is to put in motion the new banking system of the country was taken up here today by the federal reserve organization committee, consisting of Secretary McAdoo, of the treasury department, and Secretary Houston, of the department of agriculture. On this committee under the new law devolves the responsibility of mapping out the regional reserve districts and locating a bank in each.

To aid it in reaching its decision the committee today began here a series of hearings which will be continued three days more in New York and subsequently in other important financial centers of the country. A number of New York's leading financiers gave their opinions on the subject today. It quickly developed that the committee had a difficult task on its hands and that it probably would be impossible to satisfy both New York and the rest of the country. Frank A. Vanderlip, president of the National City Bank, said the committee would find it impossible to work out a plan that would fulfill all requirements.

Almost Improbable Problem.

"It presents almost an insolvable problem," said Secretary McAdoo, when Mr. Vanderlip had given his opinion as to the manner in which the regional reserve districts should be drawn upon.

I think that is what your are facing," said Mr. Vanderlip. "It is one of the most difficult problems, I think that I ever faced. Oversight and control spell the whole story of this law. If we get the proper oversight and control the law will work in spite of its defects. If we do not, it will not work."

Recommend Huge Bank.

The majority opinion of the witnesses favored the creation in New York of a regional bank of such magnitude that it would absorb 40 to 50 per cent of the \$106,000,000 capital available for the entire system of the country. Such a district would include New York, New England, New Jersey, Delaware and part of Pennsylvania.

Secretary McAdoo suggested that such a huge bank here would overshadow the other regional banks of which, according to the law there must be at least seven. The reply was made that a bank of such size was needed here in order that it might command the respect of European bankers and hold its own with the great individual banks of New York.

President Robert Hedges of the St. Louis Americans said:

"The best they can hope for is to place one big leaguer on each team and if they hope to draw patronage from the big leagues with one big league player and the remainder little better than amateurs, I have an opinion to the contrary. It has been reported that they have taken three of my players away but as yet I have no signs of their leaving."

The commission and a number of the magnates present will tender a dinner to Governor Tener tomorrow evening.

Opposes Big Bank Plan.

Dr. H. Parker Willis of New York who was adviser of the banking and currency committee of the house of representatives during the time the currency bill was before it was the chief opponent of the plan for the creation of a huge bank here. Dr. Willis expressed the opinion that each of the regional banks should be strong and self supporting and said that to allot to the New York district 40 to 50 per cent of the working capital of the system would be out of harmony with the purposes of the law.

"There are no unmistakable considerations," he said, "which dictate that one bank should be vastly superior in power. The capital of these banks is relatively a matter of minor importance."

Secretary McAdoo asked the opinions of the witnesses as to what cities other than New York should be chosen for regional reserve banks. The common opinion was

BURGLARS ENTER SEVERAL RESIDENCES SUNDAY NIGHT

Thieves who worked in different parts of the city succeeded in eluding police—Officers rounding up hoboes.

Officers of the law were very much in demand Sunday night when a number of burglaries were perpetrated in various parts of the city. The homes entered included Mrs. T. D. Wilson, 846 East State; Dr. Geo. Stacy's residence, Louis Gause 1220 South East street and Omer Branstetter. In all of these places the men gave evidence of being novices at the business and were principally in search of money and jewelry and in some instances clothing. The police have been rounding up tramps and hoboes, who have been hanging about the usual "stopping" places. During the last few days a number of these men have been begging for food in various homes, and it is thought that they had a hand in the work of Sunday night.

At Wilson Home.

Entrance was made in the Wilson residence on East State street, through the window on the south porch, into the sitting room. As near as the family can recollect it was between four and five o'clock in the morning. The first to awaken was Miss Ruth Wilson, who heard someone in the sitting room. Her bedroom adjoins the sitting room and she got up and found the man going through the drawer of the reading table. Miss Ruth is athletically built and fearless and she made a bold dash for the man, at the same time calling her brother Frank. The fellow saw that the young lady was about to cut off his escape when he picked up a chair and threw it at her, she dodging the missile, which struck the book-case. At the same moment the man disappeared out of the window just as Frank emerged from his bed room door. From the description he was a colored man, about 6 ft. 8 inches tall, stout built and near 40 years of age. The man secured Mr. Wilson's gold watch and chain, and between three and four dollars in money. The watch was secured from the vest, which was left lying on the davenport, and the man had secured the money from a tin box, which was in the writing desk. The burglar evidently intended to take Mr. Wilson's overcoat, as he had removed it from the davenport and placed it at the window. In leaving the house the negro went through the barn lot and across the south pasture.

Omer Branstetter.

The police were notified about 2:30 that the home of Omer Branstetter, 1200 Park place had been entered and that the burglar had escaped through a window, breaking the glass as he left. A few minutes later Mr. Branstetter notified the department that a gold watch and vest were missing. The intruder was detected by Mrs. Branstetter. She awakened her husband who frightened the burglar away.

Louis Gause Home.

At the home of Louis Gause, 1220 South East street, the thief pried open a window and entered the dining room, but stumbled over a coal bucket and gave the alarm before he had time to obtain any valuables. He did not retreat, however, until he was sure that the family were awake when he disappeared through the window he had left open. Blood stains on the window sill led Mr. Gause to believe that his house had been entered by the same man who broke into Mr. Branstetter's home. The thief having, it is supposed, cut his hand on the glass of the broken window as he escaped.

Entered Stacy Residence.

Shortly after the department received the word from Mr. Branstetter that they were notified that a burglar had entered the home of Dr. George Stacy, 1106 South Clay avenue. The house-breaker came in through the window in the parlor, lit a lamp which he set on the floor and began to investigate. The draught from the open window blew open the door into an adjoining room where Misses Sarah and Joanna Stacy were sleeping and roused them. The women awakened Dr. Stacy and the burglar perceiving that things were getting a little warm for him, jumped through the window and fled. He took with him nothing of value.

Turley Home Entered.

The home of James T. Turley, 1225 Park place was visited some time Sunday night but none of the family were awakened by the burglar. In the morning there was a pocket book missing which contained one dollar and thirty-six cents in change.

Although Coach Buland has been out of the city for his vacation, having arrived yesterday from Chicago, the men have been practicing daily and should give a good account of themselves. The team is light this year, but what they lack in weight they expect to make up in speed.

Officials of the Salvation Army are planning the celebration of the twenty-fifth anniversary of its work in Jacksonville, Wednesday and Thursday, January 17 and 18. The exercises will be in charge of Brigadier George Davis and Captain Arthur Flynn of Chicago. The program will include several profitable addresses and it is hoped that a large number of the citizens of Jacksonville will be present to help the army celebrate the completion of its first quarter century of work.

Tomorrow evening the "Young Peoples' Annual" will be held at the Salvation Army barracks on East College street and two plays illustrating phases and incidents of the army work will be given by the young people under the direction of Captains Pinkston and Linden. Capt. Joseph Linden, who has charge of "Seeking Happiness," the first play, has presented it in other cities, and has drilled the young people well. Capt. James Pinkston has charge of the second play, "The Drunkard's Home" a drama which is said to be interesting and true representation of incidents in the lives of the down-trodden.

JAMES DOOLIN HANGS SELF IN BARN AT HOME NEAR ALEXANDER

Body Is Found Dangled From Rope
By a Daughter—Coroner's Jury
Gives Ill Health As a Cause.

James Doolin, a well known farmer of Alexander precinct, committed suicide Monday morning by hanging himself to a rafter in his barn and a short time later the body was found, dangling from a rope, by a daughter, Miss Eileen Doolin.

At the inquest held by Coroner Wright, Mrs. Doolin testified that she talked with her husband about midnight Sunday and asked him how he felt. She said that he stated he was unable to sleep, had a burning sensation through his body and was suffering from a headache. At 4 o'clock Monday morning when the alarm rang, Mrs. Doolin said that Mr. Doolin was gone and she sent the children to look for him. Miss Eileen Doolin said that she found her father hanging in the loft and at once called T. E. Meyer. Mr. Meyer examined the body and on finding Mr. Doolin dead he called J. C. Hodgson, Albert Wilcox and Dr. J. W. Robinson, with whose help he took the body down and carried it to the house. The other witnesses besides Mrs. Doolin and her daughter were T. E. Meyer, J. C. Hodgson and Dr. J. W. Robinson and their testimony was substantially the same as the above. The jury, which was composed of Benjamin Davenport, foreman; George Ruble, Samuel Ruble, Herman Visser, Patrick Moore and C. M. Strawn, clerk, returned a verdict that the deceased came to his death by hanging, caused by sickness and brooding over the condition of his son John, who is now in the State Hospital at Jacksonville."

Mr. Doolin was born in this city and was about 53 years of age. He is survived by his wife and seven children: James, John, Anna, Elsie, Hennora, Lauretta, Dolores. He was a man highly respected by a wide circle of friends who will extend their sincere sympathy to the family in their bereavement. He was a member of the Catholic church.

Arrangements for the funeral will be announced later.

RETURNS FROM SOUTH.
Edward C. McClure, Jr., was in the city Monday on his way to Beardstown for a week's visit with his parents. He has been advance man for the Sis Hopkins company and has just returned from a twenty-two weeks' trip through Oklahoma and other states in the south and west. The company was taken off the road because of the Texas floods which seriously interfered with the itinerary. Mr. McClure says that the newspaper reports of the damage by the floods were not exaggerated and that vast injury was done to business. Mr. McClure has been in the theatrical business now for six or eight years and is gradually gaining deserved promotions.

HAS PICTURE OF JACKSONVILLE MAN
In its Sunday issue the Chicago Record-Herald has an article regarding Illinois heroes whose bravery has been recognized by the Carnegie Hero Fund Commission. In a group of eight pictures is one of Moses C. Large of this city, and concerning him the Record-Herald says: "Another crippled hero who saved a life despite the handicap of a missing limb is Moses C. Large of Jacksonville, a painter by trade. He lost his left leg at the knee in an accident a few years ago, and walks with a 'peg,' but with the money secured from the Carnegie commission he will be in a position to purchase a first-class factory leg. Large distinguished himself by rescuing Margaret Miller, aged 89, from a blazing dwelling, risking his own life to save the woman. She was unconscious from the smoke and heat, and would have shortly perished but for the heroic action of Large. His feat was one of the bravest in the record of the commission. He was awarded \$1,000 and a bronze medal."

Now Comes Our Year-End Sale of Remnants.

The season's accumulation of short lengths from every piece-goods section of the store has been gathered up and marked at a price to compel its quick disposal. It's needless to dwell long upon this announcement by going into detail, for we doubt that there is a single family in this vicinity not already acquainted with the astonishing values always contained in our remnant sales.

The main point to impress upon you is that the event is now going on. You must also bear in mind it is the sale that goes with a rush. Those short lengths of fashionable dress goods, silks, (enough for a skirt or waist) will more than likely be in the first bundles that leave the store—it will be to your advantage to see that one of those bundles is under YOUR arm.

GOVERNOR FERRIS WILL INVESTIGATE

(Continued from page one)

the striking miners might return to work. Now it is distinctly 'up to the companies.' If the governor can obtain from them some sort of a definite proposition which we can consider without humiliating ourselves, there may be some chance for success of his mission."

The company pronouncements are less definite but they agreed that the visit of the state executive might be productive of good. The operators express confidence in Governor Ferris' ability to "size up" the situation and express the belief that no harm could come to their interests by a thorough inquiry into the causes, conduct and status of the strike.

It was recalled that the governor's visit will constitute the fifth investigation of the difficulty. Walter Palmer and John B. Moffitt of the department of labor made inquiries into the initial aspects of the strike and Judge J. P. Murphy of Detroit visited the district last August at the request of the governor. The fourth official visitor was Mr. Denison who failed to find a solution of the situation last week.

PRIVATE POLICEMEN LEAVING.

Despite this multiplicity of inquiries, every possible avenue of information will be opened afresh for the governor. It was thought likely, however, that he would pay particular attention to the Moyer-Tanner deportation, the progress which the grand jury has made towards clearing up cases of lawlessness arising from the strike and the activities of the Citizens' Alliance. The methods of imported mine guards and special mine police also may attract the governor's attention. In this last connection it was noticed tonight that an exodus of private policemen had begun. John T. Vickery took forty-nine of these men back to New York tonight. They had been employed at the properties of the Mohawk and Apameek companies in the northern end of the strike zone. It was explained that the sheriff's deputies had gained sufficient experience and been recruited to sufficient numbers to handle the difficult situation in that section.

RENEW ACTIVITIES.

Washington, Jan. 5—Labor forces pressing congress for an inquiry into the Michigan and Colorado strikes today renewed their activities, claiming that the establishment of martial law in either state threatened conditions as seriously as that which recently obtained in West Virginia.

Senator Borah's report as to the operation of martial law in West Virginia was declared to strengthen the demands for a congressional inquiry as presented by Representative Keating of Colorado and McDonald of Michigan.

Senator Borah's report submitted as a member of the committee that conducted the investigation in West Virginia, held that the military authorities had taken over the prerogatives of the civil courts before it had been proved that the latter were not capable of handling the situation. It was said tonight that many members of congress favor the inauguration of an investigation at once into the Michigan and Colorado strikes. It is expected resolutions will be offered in the senate as soon as that body reconvenes next Monday.

WITH SICK PEOPLE.

James Rice on the Mount road is suffering with an attack of the grip, somewhat complicated with other troubles.

R. A. Gates is recovering from his recent severe operation in a remarkable manner. Though it is only four weeks since he was laid upon the operating table he is able to be up and dressed.

Mrs. Joseph Capps expected to go home today after a somewhat extended sojourn at Passavant hospital after a severe operation.

Edward Ornells residing north of the city is quite sick.

George Sargent spent Sunday in the vicinity of Markham with his aged mother who is ill. She was hardly as well yesterday.

Mrs. T. M. Walsh and daughter Marian, left Monday evening for Cleveland, Ohio, where they were called by the serious illness of her sister, Mrs. John Brothy.

Mrs. Mary Ornells and Mrs. Jas. Bodine of Peoria are visiting at the home of Edward F. Ornells of 426 South Main street, who is very ill.

W. L. Tilton, who underwent a minor operation at Our Savior's hospital, is getting along well.

Mrs. O. F. Carr, who went to Springfield to visit with home folks during the holidays has been so ill since going there that she has been unable to return.

Miss Louise Gates is ill at her home on West Lafayette avenue suffering from a severe case of tonsilitis.

Mrs. Lillian Grierson whose illness has been mentioned before is now in a critical condition at her West State street home.

H. D. Atkins has had a relapse from an attack of tonsilitis and is very sick at his Webster avenue home.

LOCAL OPTION CONTESTS.

Toronto, Ont., Jan. 5.—Results of today's municipal elections in Ontario are awaited with much interest by those opposed to the liquor traffic. The elections include 72 local option contests. There are now 502 "dry" municipalities in the province and the prohibitionists hope that today's election will result in a material addition to the list.

ANNUAL ROLL CALL HELD BY URANIA ODD FELLOWS

Over 175 Attend 14th Annual Event or Order Instituted in 1857—Letter Read From Only Surviving Charter Member—Plans Made For Large Class.

The members of Urania Lodge No. 243, I. O. O. F. held their fourteenth annual roll call Monday evening at the hall on West State street with an attendance of over 175. The event was particularly enjoyable as the lodge is in excellent condition both numerically and financially and the Odd Fellows present entered into the spirit of the occasion with true fraternal enthusiasm making of the occasion, according to the expression of one member, "a genuine old fashioned roll call." Letters were read from twenty-five absent members including W. D. Crowell of Orange Springs, Fla., the only living charter member of the lodge.

After the transaction of regular business, Herman Weber, chairman of the committee on arrangements, called the roll and read the communications of the twenty-five Odd Fellows from away. During an intermission, a short program of vocal and instrumental novelties was rendered by two performers from the Pryor & Pryor troupe who will appear at the Grand Opera house today. Refreshments were served and the evening was concluded by some informal singing by a number of the members. The banquet committee included Charles Goodey, Otto Spieth, Joshua Vasconcellos, Robert H. Reid, Myers Weber, Abe Reid, and William Roberts. The committee on arrangements was composed of Herman Weber, chairman; John K. Long, and C. E. Seymour.

The talks were pithy and interesting and full of testimony regarding the pleasures and advantages of Odd Fellowship. Among those who spoke at more or less length were T. M. Tomlinson, William Deutsch, Robert Tilton, Carl Weber and W. C. Howe. An indication of the financial status of the order may be inferred from the announcement of the treasurer, C. E. Seymour, who stated that the collections the one evening on dues and assessments amounted to \$344.

PLAN LARGE ANNUAL CLASS.

Plans were made for the large annual class which will be obligated Monday evening, Jan. 26. About twenty candidate will be initiated and all indications point to a highly successful event. Invitations have been sent to the officers of the Grand Lodge as well as to all the Odd Fellow lodges in the vicinity who will send representatives for the occasion.

Urania Lodge No. 243 has a membership of over four hundred and is in a very prosperous condition. It was founded in 1857 and possesses but one member who united with the order in that year. Mr. Crowell, as mentioned above. This venerable Odd Fellow was twenty-eight years old when Urania Lodge was instituted and is accordingly 85 years old now. An interesting letter was read from a number of others. Among them were Albert Knollenberg of Canadian Texas; James M. Green of Lamar, Mo.; T. L. Dawson of Lawrenceburg, Tenn.; Harry Heintz of West Toledo, Ill.; M. L. Metcalf of Port Orchard, Wash.; N. R. Jerauld of Springfield, Ohio; A. C. Clark of East St. Louis, Ill.; David Harrison of Eureka, Kan.; Joseph Wasson of Carlisle, Ky., and H. C. Harrison of Iona, Ia.

UNITED STATES SUPREME COURT

SPRINGFIELD, Ill., Jan. 5.—Attorney General Lucey today received message stating that the state had won in the decision of the United States Supreme court at Washington, D. C. in the case of the National Safe Deposit Co. vs. William H. Stead, attorney general; Andrew Russel, state treasurer and Walter K. Lincoln, inheritance tax attorney.

Section 9 of the inheritance tax law was attacked in suit filed against state officers, the claim being made that the act in question was unconstitutional. This is the section which gives the state the right to inspect safety deposit boxes in the collection of inheritance tax.

IS CONSIDERING ELECTION.

As has previously been mentioned, the resignation of Owen P. Thompson as judge of the circuit court, who was appointed a member of the Utility commission, is in the hands of Governor Dunne. It is understood that the governor is thinking seriously, whether to call for the special election now, which will mean several thousands of dollars expense to the state, or to wait and make the appointment himself, after June, a privilege which the law gives him.

Rheumatism is simply a name given to designate a variety of pains and can only be treated by Irrigation, the natural and supply with a naturally assimilative anti-dote. CITY COUNCIL HELD TWO BRIEF SESSIONS MONDAY

Bids For a Belted Generator and a Boiler Opened—Appropriation Ordinance Given First Reading—Memorial For Former Mayor James T. King.

The city council held two brief sessions Monday, one in the morning and the other in the afternoon. The annual appropriation ordinance was given a first reading and officers reports were received. Bids for an electric generator and for a tubular boiler were received and opened. Complying with the commission form of government law the bids will be open for public inspection for forty-eight hours before contracts are awarded. A resolution commanding the work of former Mayor King was spread upon the records of the city.

After the reading of the minutes and the transaction of other routine business a report was read from the Hartford Insurance Co. on boilers in the light plant. A resolution referring to the death of former Mayor King prepared by Mayor Davis was read and was adopted by a rising vote.

Memorial For Mr. King.

"Almighty God has seen it fit in His infinite wisdom to remove from earth James T. King, a former mayor of Jacksonville. Mr. King during his term as chief executive of the city was fearless in his administration of the law. His administration is still spoken of as one of the best in the history of Jacksonville."

"As a citizen and business man, Mr. King was prominent and always was identified with every forward movement. His death will be keenly felt in all walks of life."

"It is fitting that the city council should at this time show appreciation of his services to the municipality. Therefore, it is the sense of the council that this memorial shall be spread upon its records and a copy sent to the family."

Officers reports were received and approved. Properly approved bills were ordered paid when funds are available.

It was mentioned that the appropriation ordinance was ready except for the department of health and safety. Mr. Knollenberg said he would go to the home of Commissioner Engel who is ill and learn his wishes for that department and that it would be possible to meet again in the afternoon for action. The reports of officers were read as follows:

Officers Reports.

J. M. Coons, justice of the peace fines collected \$150.55; city costs, \$4.50; justice of the peace costs, \$54.80; total, \$237.75.

Howard Wannamaker, sexton of Jacksonville cemetery reported twelve graves made during December.

W. H. Cobb, water superintendent reported total amounts collected, \$3,292.42; water rent, 3,119.45; meters sold, \$70; taps, \$3; meters repaired \$19.97.

R. L. Pyatt made the following reports for Jacksonville cemetery receipts \$91; for city clerk's office, \$342.10; for Diamond Grove cemetery, \$24.25.

F. E. Farrell, treasurer reported balance in general fund, January 1, \$2,520.37.

George P. Davis, chief of police reported 31 arrests, 25 males and 6 females; amount collected \$237.75. The arrests were divided as follows: drunkenness, 8; assault, 2; keeper of disorderly house, 1; disorderly conduct, 18; forgery, 1; concealed weapons, 1.

Boiler and Generator Bids.

At the afternoon session the appropriation ordinance was given the first formal reading and then was laid over under the rules. The sums

appropriated for the various funds were as given below.

Bids for a belted electric generator were opened and were as follows:

Fairbanks, Morse & Co., one 150 K. W. generator, \$1,282, F. O. B. Jacksonville.

Arthur Jones Electric Co., one 150 K. W. generator F. O. B. Minneapolis, \$1,073.

Bids for 300 horse power boiler were opened as follows:

Springfield Boiler & Manufacturing Co., \$2,700.

John O'Brien Co., boiler F. O. B. cars, St. Louis, \$2,900.

Bernard Gause, boiler F. O. B. cars, Jacksonville, \$2,825.

The Springfield Boiler & Manufacturing Co., represented by L. F. O'Donnell, made a bid on a more elaborate boiler than that contemplated in the specifications. The bids were referred to Mr. Brennan who said he preferred the bids be simply placed on record for the next forty-eight hours as provided in the commission form of government law.

SOME PROBLEMS
OF THE DAY.

Mrs. Amy Ellis Vickery, a former Jacksonville resident and now living in Chicago is evidently a young woman who thinks along important lines and who does more than look at surface indications. In a recent letter not intended for publication Mrs. Vickery offered the following bits of suggestive philosophy.

"Xmas is a mad frenzy here. Many who give can't afford to, but all give and give and give. The loop was one mass of present hunters, all looking, pricing, longing and sorrowing for 'things.' All material objects too, that soon will be cast aside or forgotten. I may be pessimistic but I really believe that it is made too strenuous a time. All last night I was troubled and could not sleep well, for wagons of all kinds kept going by—horses maybe at a mad gallop or motors up to 50 miles an hour gait—all trying to get their goods delivered for today. Most all store people will have to rest all day today to be able to work tomorrow. So a great many do not once think of our Lord's today. The Xmas spirit is lost in mad commercialism."

Germany is a war joke! She always has carried a chip on her shoulder. A course you know that the money-kings of the world are the dictators of all things, where money is used. War means money and a nation, no matter how aggressive it may be inclined, can not fight much without it. The only people today who seems to itch for war are the crowned heads, who see their thrones tottering before the advance of civilization, or feel the iron band of the boundary lines, failing to stretch and give them new territory. The masses hate and fear war and will refuse to mow down other men (Just as occurred in Servia last week). Universal brotherhood's doctrine is spreading out more and more until finally it will reach in and take hold of enough of the hearts of men to make war an impossibility.

"An Italian boy is playing an accordion down in our back yard. Every one there threw him a penny or so."

"We saw 'Oliver Twist' the other night—Nat Goodwin as Fagin and Marie Doro as Oliver—at our little theatre. It was wonderful! Sykes and the dog were great. Nancy, poor girl—I cried again over her for about the 500th time."

"It is cloudy, chilly and wet here today. Not a bit like Xmas is supposed to be."

"I'll write soon again. Give my love to all."

ANNUAL MEETING.
The annual meeting of the Pastor's Aid Society of Grace church will be held Thursday at 2:30 in the church parlors. All the ladies of the church congregation are cordially urged to be present.

DON'T BE MISLED

Jacksonville Citizens Should Read and Heed This Advice.

Kidney trouble is dangerous and often fatal. Don't experiment with something new and untried. Use a tested kidney remedy.

Begin with Doan's Kidney Pills.

Used in kidney troubles 50 years.

Recommended here and everywhere.

A Jacksonville citizen's statement

forms convincing proof.

It's local testimony—it can be investigated.

Mrs. Eva Martin, 902 Hackett ave,

Jacksonville, Ill., says: "I have

taken Doan's Kidney Pills for sev-

eral years and I know them to be a

good, reliable medicine. When I

have a pain in my back and my kid-

neys do not act regularly, I get

Doan's Kidney Pills at Armstrong's

Drug Store. They bring me great

relief and I have no hesitation in

saying so."

For sale by all dealers. Price 50

cents. Foster-Milburn Co., Buffalo,

New York, sole agents for the United

States.

Remember the name—Doan's—and

take no other.

GOES TO ATTEND CONVENTION.

Major John A. Vickery, clerk at the Dunlap Hotel, has gone to Rock Island to attend the hotel clerk's convention. Major Vickery is to present a paper at the convention, dealing with celebrities who have stopped at the Dunlap in the thirty-five years that he has been clerk at that hostelry.

MOTHER! IF CHILD'S

TONGUE IS COATED

If cross, feverish, constipated, bilious stomach sour, give "California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste. Liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad; restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs,"

which has full directions for babies,

children of all ages and for grown-ups plainly printed on the bottle.

Look carefully and see that it is

made by the "California Fig Syrup Company."

Don't be fooled!—Adv.

Bumped Up Against the Real Thing

"I think I have bumped up against the real thing in Chamberlain's Tablets," writes D. R. Thomas, of Titusville, Pa. "They do the work and cause no unpleasant reaction."

In cases of constipation when pills and saline cathartics are used, their use is often followed by constipation

as they take so much water out of the system. On the other hand the effect of Chamberlain's Tablets is

so agreeable and so natural that you

do not realize that it has been induced by a medicine, and no reaction follows their use. For sale by

all dealers.—Adv.

Miss Annabel Crum is spending a week in Jacksonville visiting relatives and friends.

Mr. and Mrs. W. E. Murray returned from a visit with their son at Racine, Wis. They look as though they had been well cared for.

Mr. and Mrs. Warren Daniels of Peoria avenue entertained friends New Year's day. A good dinner was one of the best numbers on the program.

Mr. and Mrs. W. C. Thompson of Petersburg came down Saturday to visit friends until Monday.

Mrs. J. E. Naven and son, Robert, of Peoria visited with Mrs. Earl Underwood Wednesday.

Mrs. Myrtle Sugart of Woodward, Okla., who has been visiting in and around Literberry for several weeks, has gone to Virginia, from whence she will return via Kansas City to her home, after a visit at Kansas City.

Mr. and Mrs. S. H. Crum of Crumville took dinner at Sunshine cottage Sunday.

Sunday, Mr. and Mrs. Jesse Liter, corner Peoria avenue and Maple street, entertained at dinner, Mr. and Mrs. Alvin Beavers, Mr. and Mrs. J. M. Liter and Mr. and Mrs. W. C. Thompson.

Mrs. George Henderson of Virginia came over Sunday for a short visit with relatives.

The men's oyster supper at the Baptist church was a great success. While this affair was free, there was no law to prevent any one from donating a small offering toward the expenses, and this free will offering over-run the expenses about four dollars. There is nothing small about the citizens of Literberry and community.

Mrs. Earl Rexroat returned Sunday morning after a three weeks' stay at Marshall, Mo.

Bumped Up Against the Real Thing

"I think I have bumped up against the real thing in Chamberlain's Tablets," writes D. R. Thomas, of Titusville, Pa. "They do the work and cause no unpleasant reaction."

In cases of constipation when pills and saline cathartics are used, their use is often followed by constipation

as they take so much water out of

the system. On the other hand the

effect of Chamberlain's Tablets is

so agreeable and so natural that you

do not realize that it has been induced by a medicine, and no reaction follows their use. For sale by

When "Papa's Diapepsin" reaches stomach all Indigestion, Gas and Sourness disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Papa's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferment and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Papa's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Adv.

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and advised, as a last resort, an operation for a large swelling in my side. I took his treatment for a long while, but have never regretted it, as for the last four years I have been

feeling so grateful to Dr. C. W. Carson for what he has done for me, I want to publicly tell every one. Seven years ago I started treatment with Dr. Carson, when practically every other doctor had given me up, and advised, as a last resort, an operation for a large swelling in my side. I took his treatment for a long while, but have never regretted it, as for the last four years I have been

can truthfully say that I haven't an ache, nor a pain, nor an ill feeling in my body.

I am writing this to show my gratitude for what Dr. Carson has done for me, and hope it will be the means of helping some other sufferers. Would be glad to answer any inquiries.

BANK'S AFFIDAVIT MAKES STARTLING ALLEGATIONS

In Affidavits Filed By Peoria Institution John Sewell Jr., Is Accused of Bigamy.

Peoria, Ill., Jan. 5.—Sensational allegations were made by the Dime Savings & Trust company in the affidavit filed in the Tazewell county circuit court at Pekin today asking that the verdict declaring invalid the will of the late John Sewell be set aside.

This case has been stubbornly contested in the court and this was the second trial. In the affidavits filed today John Sewell Jr., is accused of being guilty of bigamy. The will disposed of about \$50,000. The widow was to have \$2,000 cash and the income from the balance during her life. At her death the income was to be divided between the three sons and at their death to the grandchild or grand children.

At the trial it was set forth that the only grandchild was Ethel Sewell daughter of Albert Sewell. The widow renounced the will and contested on the ground that her husband had strange relations.
